Kennesaw State University Mathematics Competition Contest Guidelines for Part I

1. Materials for administering the competition (one copy of the question paper, Scantron forms for all participating students, return envelope) will be sent to your school at least one week prior to the contest date.
2. Prior to the date of the contest make enough copies of the question papers for all participating students.
3. Part I of the KSU Mathematics Competition must be administered during a convenient 90 minute block of time either during or after the school day.
4. Students must be monitored by a member of the high school staff at all times during the 90 minute contest.
5. Contest questions cover high school mathematics content up through, but not including, Calculus.
6. No calculators are permitted during the contest.
7. ESOL students are permitted to use a dictionary or electronic translator during the contest.
8. Students' completed Scantron answer forms must be returned in the envelope provided and postmarked no later than the first Friday following the contest date.
9. Students may keep the question papers and should be encouraged to discuss the questions when the contest is over.
10. An electronic copy of the contest and solutions will be available approximately ten days after the contest date on the contest website (<http://csm.kennesaw.edu/mathematics/events/ksu-mathematics-competition.php>).
11. Schools will receive a list of scores for their students by the first week in December.
12. Students receiving scores in the highest 5% – 10% statewide will be invited to participate in Part II of the competition.
