

Physics Colloquium - Fall 2020 schedule

See specific dates for specific times.

All events will be held virtually.

Friday, October 9, 2020 at 4:30 PM

This year, Nobel Prize in Physics went to "Research in Black holes." The Physics department is having a virtual seminar on the topic given by our own black hole researcher, Dr. David Garofalo. Dr Garofalo will be presenting "A half-century of black holes and a Nobel Prize.

Friday, October 23, 2020 at 1:00 pm

Dr. Stephen Nagler, Oak Ridge National Laboratory
"Neutron Scattering, History, and Quantum Spin Liquids"
